it was all very interesting.

IN THE RACING AUTO.

Sensations When Approaching a Sharp Turn at Sq Mites an Hour.

Imagine yourself in a big racing machine plunging over a course at eighty miles an hour. For the average man the sensation is awful, but says a writer in Hampton's, the speed kings revel in ii

Down the road streaks the car Lashed into a typhoon by the appalling speed.

The stripes are more popular than any into this respect that they are in his respect that they are in the summer less demand for pleated shirts than there has been in recent seasons, although that change in taste is thought to apply only to the summer style. The plain bosom, with a single broad pleat down the front and the soft turned back cuffs, has been more in demand this summer. Then there came the somewhat more than the usual box or side pleats which have been in vogue for several years.

The stripes are more popular than any It is porhaps in this respect that they are The stripes are more popular than any its perhaps in this respect that they are often a quarter of an inch wide and two contents of the stripes of the strip inches apart no additional adornment fashioned cetton bath gowns and those inches apart no additional adornment made up in what are called the Paisley in the shape of pleats is considered neces-designs have enough striking shades to
